Issue of the final tranche of Bonds

Issue of Bonds

First Sentinel Plc ("First Sentinel" or the "Company") (NEX: FSEN), the alternative investment company focused on providing growth capital for public and private company investments, announces that it has raised approximately AUD\$106,035 (GBP58,451) from the issue of 58,451 Bonds at GBP1 per Bond, being the eleventh and final tranche of Bonds to be issued. It is anticipated that the Bonds will commence trading on NEX Exchange on or around 22 February 2019 under the symbol FSNB. The proceeds of the Bond issue will be deployed by the Company in accordance with its investment policy.

The Company announced on 1 February 2018 that it intended to issue up to GBP 4,000,000 sterling denominated 7.0% Secured Bonds due 28 February 2023, to be admitted to trading on the NEX Exchange Growth Market.

The Bonds are redeemable each year, and at a 5% premium if held to maturity, and Bondholders' interests are partially protected by a credit insurance policy provided by Equinox Global, which covers (subject to a GBP1 million aggregate cap

per policy year) the risk of insolvency of certain underlying debtors of the Company's subsidiary, Perennial Enterprise PTY Ltd. Accordingly, the Company published the Information Memorandum in connection with the Bonds, a copy of which is available from the Company's website at www.first-sentinel.com.

The Company announced that it expected to issue the Bonds in tranches over the course of 2018/2019 and intended to make an application for admission of the Bonds to trading on the NEX Exchange Growth Market as and when further funds are raised ("Admission"). The issue of this final tranche will bring the total Bonds in issue to 4,000,000. Accordingly the Bond issue is now complete and no more applications can be accepted.
